

Bharat Manchanda

MERN Stack Web Developer

+91 7777004907 | bharatmanchanda13@gmail.com | <https://www.linkedin.com/in/bharat-manchanda/>

Summary

MERN Stack Developer with 3 years of experience in MERN. Skilled in building scalable web applications, REST APIs, performance optimization, and secure user-focused solutions.

Skills

Frameworks & Libraries: React.js, Next.js, Redux Toolkit, Express.js, Laravel, Tailwind, Bootstrap, Nest.js

Languages: JavaScript, TypeScript, Node.js, PHP, HTML, CSS, jQuery

Databases: MySQL, MongoDB, PostgreSQL

DevOps & Tools: Docker, Git, GitHub, AWS EC2, Postman, REST APIs

Other: Stripe & PayPal integration, JWT authentication, Mailgun automation, Figma basics

Work Experience

Weproinc Solution (Mohali Punjab)

Jul 2023 – Apr 2026

- Guided developers through code reviews, resolving 50+ critical issues preventing production failures.
- Managed MERN/Laravel apps and AWS EC2 Docker deployments for scalable production environments.

3ree6ix Pvt. Ltd. Internship (Gurgaon Haryana)

Apr 2023 – Jul 2023

- Built full-stack React.js & Node.js apps, reducing load times 25% and streamlining workflows.
 - Directed databases and version control, reducing errors and accelerating development.
-

Projects

Abatement & Remediation

Express.js & React.js

- Full-stack compliance platform supporting lead tracking, blogs, and reporting workflows.
- REST APIs for authentication and workflow automation, refined data handling efficiency.
- Designed database schemas for multiple modules, enabling structured data management.
- Implemented SMS notifications for Instant admin alerts, improving response times.

Construction Button

Express, React.js

- Secured APIs, safeguarding 500+ labor records.
- Built scalable Express & React features, boosting performance 25% across 10+ modules.
- Connected Stripe & PayPal, enabling 200+ secure monthly payments.

Proto Case Cash

Express, React.js, PostgreSQL

- Optimized case list page performance by refactoring queries to raw SQL, reducing load time by 40% and increasing user engagement by 20%.
- Improved backend efficiency by reducing API processing time by 25%.

Buy Now E-commerce

Express, React.js

- Developed an instant-delivery e-commerce platform prototype, supporting 100+ products.
- Enabled secure checkout APIs, ensuring error-free transactions and faster checkout for users.

Day One Development CRM

Node.js, Express.js & React.js

- Oversaw CRM email campaigns, dispatching 2,000+ emails daily with full deliverability.
- Automated cPanel account setup, streamlining deployment of 50+ websites..

Chirp Chat

Node.js, Express, Next.js & TypeScript

- Create a real-time chat app with WebSocket messaging and audio calling, handle 50+ simultaneous chats efficiently.
- Implemented JWT authentication and secured APIs, protecting sensitive user data across all chats.

- Monitored deliverability to ensure 100% email success.
- Maintained optimized email templates, increasing engagement 20% & improving campaign efficiency

We Are Appointments

Laravel & React.js

- Automated email notifications using Mailgun, delivering 500+ daily emails with zero delivery errors.
- Enhanced content quality using AI-driven writing, boosting customer engagement by 80%.
- Established reusable React components, cutting code redundancy 30% and boosting maintainability.

Travis

Node.js, Express.js & React.js

- Configured CRUD operations for products using raw SQL, managing 50+ product records efficiently.
- Planned responsive admin layouts using Bootstrap 5.
- Integrated DocuSign API for electronic signatures on PDF documents.

Education

- Polytechnic in Computer Science – Haryana State Board of Technical Education Aug 2016 – May 2019
- 10th – Government Senior Secondary School Apr 2015 – Mar 2016
